

Supplier Info

USG is a rebate based organization. Rebates are passed back to our members in a transparent manner and clearly identify the fees required to operate the organization. Our expectation in establishing supplier programs for our members is that we are able to secure a substantially better net cost of goods and services than the member can achieve on their own via a combination of pricing and a rebate paid via USG. National programs must be extended to all USG members, but we can accommodate regional programs for companies not operating nationally.

USG does not take possession of any goods and accepts no liability for payment. USG disseminates your program information to our membership and offers enhanced promotion opportunities. USG members typically purchase their non-beverage vending supplies from vend product and food service distributors.

To contact the USG Purchasing Department, please print this form, fill out and fax to **1-224-222-1025**. If faxing is not an option, please mail to:

**Unified Strategies Group
180 W. Campbell Street
Arlington Heights, IL 60005**
